

Borisas Jonas Guzitajevs

Web Developer

Email: borisasjg@gmail.com | **Website:** borisasguzitajevs.site

GitHub: Borisrunfast | **LinkedIn:** borisas-guzitajevs

Skills

Languages & Frameworks: HTML5, CSS3, Tailwind, JavaScript, ReactJS

Tools & Utilities: GitHub, Git, NPM, Canvas, SEO

Main Focus: Responsive Websites

Objective

As a front-end developer with expertise in React, JavaScript, HTML5/CSS3, GitHub, and responsive design, I am dedicated to creating visually appealing and user-friendly website designs prioritizing accessibility and responsiveness. With excellent communication and teamwork skills gained from my experience in ICT support, I am excited to leverage my skills and experiences to deliver innovative solutions.

Education

Scrimba - Front-end Development Program, 2022-2023

- Studied React, JavaScript, HTML5/CSS3
- Acquired skills for accessibility and responsiveness
- Gained general knowledge of UI/UX

Kongsberg High School - ICT Support, 2020-2021

- Developed strong communication and teamwork skills
- Gained hands-on experience in website development
- Learned to use Photoshop and Premiere
- Built my first website called EasyFix

Experience

EasyFix, ICT Support/Web Developer, 2020-2021

- Built and maintained the company's website using HTML and CSS
- Created Home and About pages, and incorporated links for users to contact us via Facebook or phone
- Took the initiative in developing a website for a youth company providing computer repair services
- Gained practical experience in web development and honed my HTML and CSS skills

Personal Projects

Portfolio site: borisasguzitajevs.site

- Built, designed, and published my own website using React
- Rewrote everything using Vite-React and Tailwind, and increased performance by 8%
- Tested with Google Lighthouse and received 98% performance, 100% accessibility, and 100% SEO scores

With my strong technical skills, passion for web development, and commitment to creating exceptional user experiences, I am ready to contribute my expertise to visually appealing and functional websites.
